The world of visual solutions is changing and Sharp is leading the way by being bold in its research and development, looking to bring the technologies of tomorrow to market ahead of anyone else. We're developing a full 8K ecosystem that enables you to shoot, store and play, end-to-end with native 8K equipment and displays. We are transforming the way the world is viewed at a level of detail never previously experienced. The professional display LV-70X500E is now ready for you, the first model from the ecosystem. 4x HDMI 2.0a inputs allow you to display immersive 8K images in unsurpassed quality.
